Client Testimonial

Shirley Anne was appointed to assist the Perth Blood Institute (PBI) in the development of our strategic plan. As CEO of PBI, I worked closely with her in the lead up to the Board strategic planning workshop and subsequently in completing the process. Working with Shirley Anne was a delight. Not only is she an engaging facilitator, her workshop process was both thorough and thought-provoking, as she skillfully led us through the day. Her practical and strategic approach, together with her broad experience and empathy, ensured a positive working environment and a productive outcome. I highly recommend Shirley Anne as an experienced and capable facilitator and consultant, and I very much look forward to future opportunities to work with her

Cate Cassarchis
